

ENGLISH POLO TEAM NOW SURE TO COME FOR AMERICAN MATCH

Lord Wimborne Announces
That Capt. Cheape Will Ac-
company Challengers.

LONDON, May 13.—Lord Wimborne announced to-day that Capt. Leslie St. G. Cheape, veteran of two teams which attempted to lift the international polo cup, had finally agreed to join the team scheduled to play the Meadow Brook our next month. He announced that the challenge would not be withdrawn and that the British team would make the trip to America on a specially chartered ship.

For days the question of whether a British team would meet the Americans this year has hung in the balance. Lord Wimborne has announced several times that the trip would be made only to encounter some development removing all hope of successful challenge matches.

The first trouble arose over the criticism directed against the team organized by Lord Wimborne, who undertook to finance the venture and with the challenging team. As the challenge was made in the name of the Hurlingham Committee, the supreme body in all polo affairs in England, the committee demanded that Lord Wimborne's team must be picked out before sanction to represent England in the international matches would be given. They were defeated in both matches.

Major Hunter was forced to withdraw on account of illness. The Hurlingham committee attempted to reorganize the team when Lord Wimborne turned this task over to it. Lord Wimborne, one of the best players in England, refused to participate. Capt. Cheape and Walter Buckmaster were bitterly criticized in the press for their refusal to join the team, but it was not until to-day that Cheape accepted the invitation.

HAZARD SENDS CABLE TO ENGLAND OFFERING TO POSTPONE MATCH.

William A. Hazard, secretary and treasurer of the Polo Association said to-day: "In view of the disquieting reports which have appeared in the papers recently the Polo Association has thought that it might assist the Hurlingham Club in getting their team together, if they could have more time for shipping their ponies. In order that the new players on the team might have opportunity for more practice on ponies with which they are not familiar, it has been decided to send a cable to Major Green, manager of the Hurlingham Club, as follows:

To Major Green,
Manager Hurlingham Club,
London, England.
"In view of the difficulties you are having in getting a team together we would be glad to postpone the dates two weeks if it would be any assistance to you. We consider any postponement longer than two weeks inadvisable."

William A. Hazard,
Secretary, Polo Association.

TWO LOST THEIR LIVES AS MOTORBOAT SANK, LONE SURVIVOR THINKS

Thomas Clancey and Walter
Muller Believed Drowned
Off Huckleberry Island.

Family of Thomas Clancey and Walter Muller of New Rochelle have given them up for lost, following the story of Oscar Stoneberg, a New Rochelle boatbuilder, who was picked up unconscious from a sand spit off Huckleberry Island, near Fort St. Vrain, yesterday afternoon.

Stoneberg took the two men out in a thirty-foot motor boat, which he had been repairing for Fowler Ward of No. 228 Seventeenth street, Brooklyn, and which he wished to test. When halfway between Huckleberry Island and Execution Reef lighthouse the engine backfired, casting blazing gasoline on all three and igniting the framework of the boat.

All jumped overboard and extinguished the flame on their clothes, but it was apparent that the boat could not be saved. Stoneberg, the only man who could swim, tore off part of the planking, while the other two clung to the boat, and made a

Princeton, Ill.—"I had inflammation, hard headaches in the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend the Compound and praise it to all. I shall be glad to have you publish my letter. Experience of a Nurse.
Poland, N. Y.—"In my experience as a nurse I certainly think Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition. I will gladly do all I can to help others to know of this great medicine."—Mrs. HORACE NEWMAN, Poland, New York.

small raft with which he hoped to float them ashore. The boat sank almost immediately.

As the raft was too light to hold all three, Stoneberg says he threw off his clothing and started to swim the two miles to shore. Later he heard a cry and looked back, but could see nothing of his companions. He battled with the waves three hours before reaching shore, and it was late last night before physicians at Fort St. Vrain revived him. Neither Clancey nor Muller was married.

BILL TO AID FARMERS TO OBTAINING LOANS

Land Mortgage Associations to Be
Formed Following Federal
Reserve Districts.

WASHINGTON, May 13.—The bill to aid farmers by a banking system especially created to provide capital for agricultural development, was introduced yesterday by Representative Bulkley of

Ohio, and Senator Hollis. The main purposes are to create a standard form of investment based on farm mortgages and to equalize rates of interest.

Land mortgage associations will be formed under the proposed act, the minimum capital allowed being \$10,000, and the loans to farmers must be for productive purposes and must not exceed \$4,000, and no other business must be transacted. No general banking will be allowed by these associations, and no deposits will be accepted by them. Twelve Federal land banks are to be created, the districts to be substantially the same as the Federal reserve districts.
